So you're all alone  
And you're feeling the chill right down to the bone  
You've lost your way  
And the road that you've taken has led you astray

Oh I know you're tryin'  
To be strong  
But don't you be afraid to need someone  
Just let me hold you  
In the arms of love

Let me rock you for awhile  
Let me take away the sadness  
Give you back your smile  
In the arms of love  
There'll always be a place  
Where I can give you shelter  
Keep you warm and safe  
In the arms of love

When the night falls hard  
And you can't find the light from one friendly star  
I'll reach out for you  
And give you the strength you need to get through

Oh I know you're tryin'  
To do it all alone  
But no one ever makes it on their own  
So let me hold you  
In the arms of love

Let me rock you for awhile  
Let me take away the sadness

Give you back your smile  
In the arms of love  
There'll always be a place  
Where I can give you shelter  
Keep you warm and safe  
In the arms of love

We'll be safe

In the arms of love  
Just the two of us

We'll be safe  
In the arms of love  
Just the two of us

Whoa...

So let me hold you  
Let me hold you  
In the arms of love

Let me rock you for awhile  
Let me take away the sadness  
Give you back your smile  
In the arms of love  
There'll always be a place  
Where I can give you shelter  
Keep you warm and safe  
In the arms of love
