I see you (I see you)  
Everywhere you go (I see you)  
Though you never know  
I see you

I see you (I see you)  
Walking down the street  
(I see you) though I  
Never speak, I see you

I see you (I see you)  
In my dreams at night  
(In my dreams at night)  
I hold you (I hold you)  
Oh, so near (oh, so near)

But somehow (somehow)  
With the morning's light  
(With the morning's light)  
You always disappear  
(You always disappear)

I see you and  
My world stands still  
And it will until  
You see me

I see you and  
My world stands still  
And it will until  
You see me

I see you, I see you  
I see you
