Mm, drop

Yes indeed, it's the Biz Markie with the Beatnuts  
And I'm gonna count along with this girl like this  
One, two we'll come for you  
Three, four you better lock your door

Five, six Beatnuts in the mix  
Seven, eight now let's get it straight  
Nine, ten for everybody that slept  
You better watch your step  
You better watch your step

Now pull it out your pocket  
Pull it out your pocket  
Biz Mark Beatnuts we about to rock it  
Now pull it out your pocket

Pull it out your pocket  
Psycho Les baby, I'm about to drop it  
I'm just a villain  
Chillin' in my gangster stand

I cop all my threes from Amsterdam  
I make them Black Eyed Peas kids say 'That's the jam'  
Beatnuts baby back by popular demand  
Drop another jam

Sock you and your man  
If you don't know by now, blam  
Y'all small soldiers wanna blast back  
Like a wedgie, I'm gonna get up in that ass crack

Feet first  
Whip a concert with no rehearse  
You wanna spit you gotta talk to me first  
The ringleader, blow your cover  
You think we cool, 'cuz I know your mother?

Yo, elegant flow, stomp you like an elephant tho  
You only got a little money and you spendin' it slow

Anything you gotta say is like irrelevant yo  
I need money like I gotta let the President go

From a hostage situation that's surrounded by smoke  
In a trailer in the middle of hell, nobody know  
It's the junkyard Hannibal lec  
Snatch the first grabbable tec and look for any  
catchable rep

Back in effect, slap you in the back of the neck  
I've been holdin' this down for a while, show me  
respect  
Rainin' the tec and all of that, breakin' your neck  
It's off the hook this year, two niggas called me collect

Who's this?  
Who's this?  
This is a collect call from a clown

You're a clown  
I saw you at a party uptown  
Nobody even know you, you just standing around  
You're a clown  
Don't even try to step outta bounds  
'Cuz if you drink and start a fight nobody holdin' you  
down

You're a clown  
Lookin' through the records I found  
It takes more than that for you to duplicate this sound  
You're a clown  
My heat'll lift your feet off the ground

Live niggas throw the bacon and move it around

I follow recipe  
Over on sesame  
This time the kid, psycho Les'll be  
On top of the industry

This one's for my niggas in the street  
I'm lookin' at the situation so I gotta flip a beat  
Make your heart skip a beat  
So we can all eat

Went from a project kid with a calculator watch  
To a rollie, to cashin' them royalties  
You must be a fool playin' with this hungry dog's food  
Snap at you with a rude attitude

My troops landin' parachutes I hit you with phatter loops

And y'all clowns better show us gratitude  
Werd up

Me & les rock the house  
MC's rock the house  
The Beatnuts rock the house  
The rain with the tec rock the house

It's the Biz Markie as you can see  
I got more rhymes than Muhammed Ali  
I'm one in a million just like Aaliyah  
You look at me and say Mama Mia

I sing funky records most definitely  
Ain't no other MC that can mess with me  
I know my man Les you remember music factory  
With rhymin' big Sam rest in peace you see

I rock the mic and you will know  
That I rock the mic and go oh, oh, oh, oh, hoh  
Sing a funky record MCs'll say  
Ain't no other MC like B I Z M uza A

From New York york L I I  
New Jersey z I am fly  
Straight out the DC and Maryland  
Gotta give a shout out to Virginia with the skins

Singin' funky records most definitely  
I like to go oh peace
