I have the feeling
Iâ€™ve got to say goodbye
To let it go
Forget this time

Oh but how could any wont be just so right?
To make me smile so much, to shine with such light

And I want you to know that Iâ€™ve loved you
And before I met you is when Iâ€™ve loved "gruu"
I want you to know that Iâ€™ve told you
But itâ€™s not happening for you

What can I do?
This is not happening for you...
What can I do?

You know we chat almost every day
But nothing more just ever really said

Oh what I would do for you, oh what I would you for you
Iâ€™ve loved you so deeply and all you and your blue

And I want you to know that Iâ€™ve loved you
And before I met you is when Iâ€™ve loved "gruu?"
I want you to know that Iâ€™ve told you
But itâ€™s not happening for you
What can I do?

I know I have to leave it
To drop the tore, while itâ€™s still there
I guess you know now that I adore you
Thatâ€™s evenong, goodnight
