For victory and glory we follow the legend  
He who bears the mark of Kane

Steel sinews grasp the blood drenched steel  
Wild flies his red mane

Sunrise bleeds the dawn  
His legions charge on and on  
Assault on this fortress of stone  
Storming the castle at dawn

Eyes wide in fright, we're in the enemies sight  
As our seige engines fire the dead bodies  
Onto the walls our rain of gore it falls  
Hearts of steel melt down  
Hearing  
Nearing  
Hell's calls

Cursed by a mad god it is whispered of Kane  
That he cannot die

Our enemies fall by the gore axed he weilds  
High above him the vultures fly

Sunrise bleeds the dawn  
His legions charge on and on  
Assault on this fortress of stone  
Storming the castle at dawn  
The seige engines roll, boiling tar takes it's toll  
On our men in the front lines  
With an awful shout, every man, he rides out  
"You won't live at all if you don't take that wall"  
Shouts Kane the killer

[Solo]

Archers fall as we charge the wall  
Not far till we close with the enemy  
From the Aerie wide eyed the watchers look down  
At the rushing steel tide

Sunrise bleeds the dawn  
His legions charge on and on  
Assault on this fortress of stone  
Earth drinks the blood at dawn

Steel on steel will clash  
In a lightning flash  
Thousands of men fall down and die  
At last we break their lines and now they will find  
All who defend the castle will die  
Will die  
Will die  
Will die this day
