"Access Adrenaline"

Visit "[Access Adrenaline](#)" on MotoLyrics.com

access adrenalin
please hang around if i can't get up
what for?
can't get along without you now
cause it's the only thing
that keeps me following
I can't control myself
excess adrenalin
I'm gonna be where I'm at
I'm gonna get what I lack
don't want to slow down never go down
I'll never fade to black

whoever engineers
controls or interferes
whenever you are near
we'll be around the world singing

where we send and receive it
where we send and receive it

access adrenalin
where have you been, I can't get up
no more
I can't go on and I can't stop
so bring on the attack
I never want to go back
don't want to slow down, never go down
never fade to black

any other effect will exit
everything I blame will exit
everything I fear will exit
