"Disconnected"

Visit "[Disconnected](#)" on MotoLyrics.com

I feel lost in my head
I'm down with all my emptiness
And sad
I miss - what I had
I lost my ground and what I found instead
Is this world disconnected ...
Is this world disconnected to
Is this world disconnected ...
Is this world
Is this world [diconnected]
Like you
You and me
Still dare to think we could meet
Leave it all behind and flee
But I don't want to run away.
Is this world disconnected ...
Is this world disconnected to
Is this world disconnected ...
Is this world
Is this world
Disconnected world (4x)
Is this my disconnected world? (4x)
Disconnected world (2x)
