nine-to-fiver still-a-liver
a born survivor i'm changing into overdriver
try to make it so hard to take it
learn to fake it
just before I break it
suit and tie
yeah I wonder why
yeah shiny shiny shoes
yeah dress in style
yeah and wear a smile yeah
I show 'em what I got cause I own the world tonight
I show 'em what I got cause I own the world tonight
I show 'em what I got
here I am now here I am now
here I am now takin' aim now
I nearly blew it but still got through it
I always knew it there's nothing to it
taking aim now Im glad I came now
like the first now Im breakin the tape now
show them what I got cause I own the world tonight
show them what I got cause I own...
show them what I got cause I own the world tonight
show them what I got cause I own the world tonight
show em wat i got...
im breaking the tape now
show 'em wat i got cause i own the world tonight
glad i came now
show 'em wat i got cause i own the world tonight
im breaking the tape now
show 'em wat i got cause i own the world tonight
im glad i came now
show em what i got
