Everybody tells me I should walk away
but nothing ever felt like this
they saying he aint right for me
he aint the type for me
but I can't resist
I know that we're from different worlds
its hard for them to see
but maybe, I'm crazy
he's the only one for me
I love him I love him I love him
and I don't care what nobody says
he is mine ohhh mine
and I am his
I love him I love him I love him
and everything's I'll fight it
you can look till you find
I know we will be undivided
oh oh undivided oh oh undivided

people on the outside
thinks he's just a bad boy
they don't see inside like me
when it aint no body there
he is like a teddy bear
and treat me like a queen
but he's got something true him
is that broken to my heart
but nothing ever gonna
gonna tear us apart
what you do when they try to separate ya ?
try to show them love, but they only wanna hate ya?
looking in your eyes, now I only feel grateful
all that talk, just keep on talking
this is a promise that I will never be breaking
the rules of our love yeah will never be shaking
you and I are never gonna be... (Undivided)
