God
I'd love to hear your thoughts
On sinners you have caught
And what about the ones who got away
Where are they today
You see them everywhere
And they don't care
And if we all seem terrified
It's just because we are
We're fragile
Don't let us down too hard

God
What does it all achieve
The orphaned family grieves
But still believes
In our rebirth
You damned us all to earth
And turned it into hell
And wished us well
And if we all seem petrified
It doesn't mean we're hard
We're fragile
Don't let us fall too far

Is this the part
When everyone gets on their knees for you
I always wanted to believe in you
But you never gave me half a chance
Or half a reason to
Are you fragile too?

God
I'd love to make you proud
But I know
They sure put on a show
And man they say it loud
They're not my crowd
And if I can't believe in you
It doesn't mean I don't
I'm fragile
Don't let me fall alone

I'm fragile
I can't fall alone
