Everybody meet in the field at the top of the hill
No need to bring your guns
Though we've got some time to kill
This place is to the point when we need to have a little
talk
Leave your shiny cars at home
Don't you think it's time we learned to walk
And learned to talk
Everybody meet to give praise to the sky and the sea
No need to bring your coins
We'll do it all for free
Who made the awful rule to make the grade just make
the green
Burn down the shopping malls
Don't you think it's time we learned to walk
And learned to talk
Let's start over
This world is over
Let's start over
This world is gone
Everybody meet in the field at the top of the hill
We'll talk of cyber, x, commercial overkill
Pre-packaged generation in a colored cardboard box
Destroy the TV screen
Don't you think it's time we learned to walk
And learned to talk
