"You Are The One"

You are my new god
On a day of spiritual silence
This world won't seem so odd
When we form a new alliance
To take us far above the norm
To take us to a world reborn
To take us to the plane of which we seek
You turn my water into wine
Send a shiver down my spine
I'll follow you because you are the one
The one that gives me energy
Let's me touch the things I see
I'll follow you because you are the one
In the orange sky
We can see our new commitments
At night we search for high
As the lows become a hindrance
To keep us from the higher ground
Where gold and silver can be found
To keep us from the storm we wish to ride
