How do you feel? How to you feel?
Running to summer, with winter on your heels.
How do you feel? How to you feel?

Are you happy in runnin so wild
are you laughin, like every young child
can you tell me if its real?

now what can you hear, hey what can you hear?
rushin through evening, before the morning's near
what can you hear, what can you hear?

are you happy in runnin so free?
are you laughin like ya know you should be?
you can whisper in my ear.

now you im lovin every day
you i love in every way

how do you feel, how do you feel? ya.

hey runnin to shelter,
when shelter wont conceal.
how do you feel? how do you feel? how do you feel?
