Follow your lone beaten path
Wander where you can't be grabbed

Be aware of hidden dangers

And don't go talkin' to strangers

Babe...

Travel on the midnight road

Ramble where the wind don't blow

Be aware of hidden dangers

And don't you go unto to strangers

Babe...

In these raging days and nights

Look upon whats black and white

And don't you go talkin' to strangers

Take leave of whats behind you

Go where no-one will find you

Be aware of hidden dangers

And don't go you go runnin' to strangers

Babe...

Babe...

Babe...
