But I cant tell
what's on your mind
I hope you find
that it's me

What can I do so I can prove it ?
What can I do to show my love ?
If you want my heart then please remove it.
Don't want a one sided love

Still in love with you baby
You're driving me crazy

Still in love with you baby
Baby don't you know
my heart is breaking up in side of me.

I've got to know
that you were mine,
it would be fine with me

But I cant tell
what's on your mind
I hope you find
that it's me

What can I do so I can prove it ?
What can I do to show my love ?
If you want my heart please remove it.
Don't want a one sided love

Still in love with you baby
You're driving me crazy

Still in love with you baby
Baby don't you know
my heart is breaking up in side of me.

don't you know
my heart is breaking up in side of me.
