You better think (think)

Think about what you're trying to do to me

Yeah, think (think, think)

Think about it, go and let yourself be free

Let's go back, let's go back

Let's go way back, way back when

I didn't even know you

And you were too much more than a friend

I ain't no psychiatrist

I ain't no doctor with degree

But it don't take too much high IQ's

To see what you're doing to me

You better think (think)

Think about what you're trying to do to me

Yeah, think (think, think)

Think about it, go and let yourself be free

Oh freedom (freedom), freedom (freedom), freedom,
freedom

Freedom (freedom), freedom (freedom), freedom,
freedom

There ain't nothing you could do

I could answer you but I won't (I won't)

But I won't go changing, I'm not
If you keep doing things I don't
Yeah, think (think)
Think about what you're trying to do to me
Yeah, think (think, think)
Let your mind go, let yourself be free
Well, people walking around everyday
playing games that they can score
And I ain't gonna be the loser my way
Gonna get what your coming for
You better think (think)
Think about what you're trying to do to me
Yeah, think (think, think)
Think about it, go and let yourself be free
You need me (need me)
And I need you (don't you know)
Without eachother
There ain't nothing we can do
Think about, think about, think about - ah me
[repeat to end]
