[Cristen & Ann Marie]

In this world today
No-thing is awesome
It's just a game
Oh it's just a game
In this world today
No-thing is awesome
Ya gotta know how to play the game
But if you make one bad move ya probably will not survive

[Cristen]

You gotta stay tuff
You gotta be tuff as hell

[Cameron]

Almost everyday I gotta defend myself
Someone offends myself
And it's getting sorta out of hand
People gettin' in my face and shit
Shouldn't put up with it
But I mean like damn
Because I try to do the best in life
I really really try
But I get into trouble over half the time
And it's just pissin' me off

[Cristen & Ann Marie]

In this world today
No-thing is awesome
It's just a game
Oh it's just a game
In this world today
No-thing is awesome
Ya gotta know how to play the game
But if you make one bad move ya probably will not survive

[Cristen]

You gotta stay tuff
You gotta be tuff as hell

[Marcus]
You know
I've been havin' lots of problems with legal stuff
Thinking what the fuck is goin' on today
Makes me wanna say...
No...
It makes me wanna scream
'Cuz everytime I turn around someone's accusing me
Because it's not really my fault
And damn that just pisses me right off

[Cristen & Ann Marie]
In this world today
No-thing is awesome
It's just a game
Oh it's just a game
In this world today
No-thing is awesome
Ya gotta know how to play the game
But if you make one bad move ya probably will not
survive

[Cristen]
You gotta stay tuff
You gotta be tuff as hell

[Zach]
Lots of people love me
Some people hate my guts
Think they can get a rise out of me
And I'm like what
Did ya think was gonna happen
I was gonna snap and
Snap you half man
I'd never do that
All though I could make it take place
I wouldn't wanna face the consequences and things
So many people accusing me of stuff
And it gets me pissed off

[Cristen & Ann Marie]
In this world today
No-thing is awesome
It's just a game
Oh it's just a game
In this world today
No-thing is awesome
Ya gotta know how to play the game

But if you make one bad move ya probably will not survive

[Cristen]

You gotta stay tuff
You gotta be tuff as hell
You gotta stay tuff
Oh just gotta be tuff as hell
'Cuz if you don't than you probably won't survive

People thinking what the hell
Are we talkin' bout the never been to ATL
Or NYC or LA please
You got crack dealers, pot dealers, ho dealers, born killers
You see
You don't mess around you'll get DOA
In those kinda cities
Why don't ya see what I mean

[Cristen & Ann Marie]

In this world today
No-thing is awesome
It's just a game
Oh it's just a game
In this world today
No-thing is awesome
Ya gotta know how to play the game
But if you make one bad move ya probably will not survive
Oh

[Cristen]

In this world today
No-thing is awesome
It's just a game
Oh it's just a game
In this world today
No-thing is awesome
Ya gotta know how to play the game
But if you make one bad move ya probably will not survive

[Cristen]

You gotta stay tuff
You gotta be tuff as hell
Cuz if you make one bad move you probably will not survive
