It used to be a just like movie every week  
Every month the sushi bar  
It was so great, but, then we broke up  
Now I'm left out in the dark

Do u know, how it feels?

Chorus  
To be hurt  
To be smashed  
To be part of the crashed  
To be thrown  
To be crushed  
To be left out in the rush

Every single day, it's  
To damn sad to talk about  
I feel so mad  
It makes me wanna shout

Do u know, how it feels?

Chorus

Do u know, how it feels? (x5)

Chorus(x2)

Cristen  
Marcus
