It used to be a just like movie every week
Every month the sushi bar
It was so great, but, then we broke up
Now I'm left out in the dark

Do u know, how it feels?

Chorus
To be hurt
To be smashed
To be part of the crashed
To be thrown
To be crushed
To be left out in the rush
Every single day, it's
To d**n sad to talk about
I feel so mad
It makes me wanna shout

Do u know, how it feels?

Chorus

Do u know, how it feels? (x5)
