You ain't nuthin' but a sweet thang
And I'll come back for more everyday
Feels so, so good to me (I'm in the mood)
Makes me feel oh so right
I'm in the mood, uh huh boy
I want you forever
I'm in the mood

Let's start tonight out right
You and I bathed in candlelight
Tasting the wine on your lips
Touching your body tenderly with my fingertips
I feel a sweet sensation rushing through my body
It needs no explaining; it's for your lovin'
Just dim the lights and ask me what I want, oh baby
So I can say exactly how I feel

CHORUS:

I'm in the mood, and I hope you feel it too
Take me away, and I'll come back for more everyday
I'm in the mood, and I hope you feel it too
Take me away, and I'll come back for more everyday

Uh huh, boy, I want you forever
I don't know if you know it or not,
But I'm in the mood

Let's not spoil the moment, boy
Unplug the phone so we can be alone
There is something about your kiss
That makes me feel like nothing else exists
Let's get into the moment, we won't regret it
There's so much passion between us, we can't control it
This is a night that we soon won't forget, oh baby
I've never more ready for your love

CHORUS

Feels so, so good to me (I'm in the mood)
Makes me feel oh so right
Feels so, so good to me (I'm in the mood)
Makes me feel oh so right
