I cant wake up in the morning, and I cant sleep at night.  
My daddy says Im spoiled, that I just cant get it right.

But my baby dont care about that.  
She dont mind, she dont mind, she dont mind  
She dont mind, she dont mind, she dont mind.

I cant get track of the time, I cant get track of my head.  
I got my hair in a mess, Ive got a hole in my shoe.

But my baby dont care about that.  
She dont mind, she dont mind, she dont mind  
She dont mind, she dont mind, she dont mind.

Aint got no money to spend, dont wanna work all the  
time.  
Im five feet off the ground, Im never gonna come  
down.

But my baby dont care about that.  
She dont mind, she dont mind, she dont mind  
She dont mind, she dont mind, she dont mind.
