I'm gonna let my freak flag fly
I've been a fool a lifetime
But today I'll be the king
I'm gonna let my freak flag fly
Waving high up in the air
For everyone to see

I'm the best thing that you ever had
How could you let me go?
How could you let me walk away?
When the only one i ever
really care about is you
I don't care what the people say

I'm gonna let my freak flag fly
I've been a fool a lifetime
But today I'll be the king
I'm gonna let my fread flag fly
Waving high up in the air
For everyone to see

Noone takes me seriously
Because I'm such a fool
And everybody knows it's true
But everything I've ever done
I've done because of you
Yeah this is what I have to do

I let my freak flag fly

Where did it all go wrong?
And why d'you keep pretending when you knew it all
along?

Now the people that I used to know
All laugh behind my back
They think that it's some kind of joke
And everybody stares at me
Like it's some crazy act
But today I'm gonna let them know

I let my freak flag fly
I let my freak flag fly
I let my freak flag fly
