Meet me tonight, under the moonlight
I'll think of all the things that we can do
And down by the seaside, we've got nothing to
hide
For there we'll both be secretly alone

You and me together
Looking for good weather
And we can make it last a long, long time
Knowing that you're always by my side

Can I take you home with me?
I just can't imagine going home alone
And I hope you don't think, you're just
another
Believe me when I say you'll come to stay

You and me together
Looking for good weather
And we can make it last a long, long time
Knowing that you're always by my side

You and me together
Looking for good weather
And we can make it last a long, long time
Knowing that you're always by my side

Whisper softly, give me an answer
Or need I only look into your eyes
And I'll make you happy, you know that I'd
gladly
Give you all the love I have inside

You and me together
Looking for good weather
And we can make it last a long, long time
Knowing that you're always by my side

You and me together
Looking for good weather
And we can make it last a long, long time
Knowing that you're always by my side

Knowing that you'ÇÊÊ™ re always by my side
Knowing that you'ÇÊÊ™ re always by my side
Knowing that you'ÇÊÊ™ re always by my side
