"Superfly"

Hey you, Can you breathe
Hey you, Can you see
Can you, free yourself like a Superfly in a Spiders Web

Open up your box
Let's hear all your talk
Tell me reasons why you're a Superfly in a Spiders Web

Can you, Can you tell me
Can you, Can you help me
Can you, show me how to find my way through another
day

I can't free myself
Won't trap like no one else
I can't see the light
I'm a Superfly in a Spiders Web

Can you, Can you tell me
Can you, Can you help me
Can you, show me how to find my way through another
day

It's how a Superfly, Superfly, Superfly, works
It's how a Superfly, Superfly, Superfly, works

Can you, Can you tell me
Can you, Can you help me
Can you, show me how to find my way through another
day

Can you, Can you tell me
Can you, Can you help me
Can you, show me how to find my way through another
day
