Yeah, yeah
I'm gonna get the feelin'

I've have already seen my future
And it looks exactly like you
And being in love is sho' 'nuff a battle
But I am determined to fight on through

Now, some people might consider me a star or
something
But shit, they need to shine the light on you
If loving you is wrong, I'm sorry but right won't do
I wanna live

Live, live, live, live together
Baby, we can make it but we got to chase it
Win, win, live and live forever
Baby, you know we could live forever, yeah

I know you see me over here in the darkness
Talk please, stop pretending that you're heartless
Okay, okay, okay, alright, okay, you win, babe
Could you find a way to forgive me again, babe?

Get on my knees right here on the dance floor for ya
I'll tap dance for tips at the front door for ya
All I'm tryin' to say is forward from this day
I wanna live

Live, live, live, live together
Baby, we can make it but we got to chase it
Win, win, live and live forever
Baby, you know we could live forever, yeah

You hear me, woman?
What you don't think, I'll make a fool out of myself
In this club this evening, girl?
You gotta know that, you gotta know
That I love you, baby

Live, live, live, live together
Baby, we can make it but we got to chase it

Win, win, live and live forever
Baby, you know we could live forever, yeah
