Bass!

I want you now
don't go away
and I ask you now to stay
but if you leave
I think it's wrong
please tell me now, what have I done

well, I want to now
why you tell me those lies
you should know I'm not one of these guys
well, I would give my life
or anything you like
you can believe it was love at first sight, aaah!

don't you go
don't you leave me now, oooh!
don't you go
can't you feel my love
don't you go
don't you leave me now, oooh!
don't you go
can't you feel my love

hold me close to you

well, well, I want to know
why you tell me those lies
you should know I'm not one of these guys

well, I still think it's true
I'll do anything for you
so I want you to stay by my side, oooh!

don't you go
don't you leave me now, oooh!
don't you go
can't you feel my love
don't you go
don't you leave me now, oooh!
don't you go

can't you feel my love

hold me close to you

don't you remember
all the days we spent together
can you imagine
how I feel, oh, how I feel

anyway, I don't want to leave you
I feel it, I feel it
trust me, one day I'll come back to you
don't try to take away my independence
'cause that's what I need
