Circulate. this thing is taking shape. well come on and
come back. we weren't expecting that. complicate.
you've got a mess to make. well come on, it's the truth.
we weren't expecting you. you can be a bore. you can
be a blistering sore. no one here will notice you, 'cause
no one loves you more than you do. regulate. you were
the one mistake. well come on and get mad. we were
the best you had. you can be a bore. you can be a
blistering sore. no one here will notice you, 'cause no
one loves you more than you do.
