[NO WORD!]

No word! Let pass your tiny lips  
Lassitude to cage has bedimmed  
An eve of feculent dark coven  
Bow over coffin you lament

Your bitter tears fall on his face  
No paler rose will grow on grave  
"Be silent!" pass his lips  
"Don't dare to awaken me!"

"In this remorseless age I lived  
Inhaling violent, disgraceful seed  
To be succumbed to breath of death  
To leave the things I'd never left"

"And now aloof, no live, no feel  
Can't even taste Thy tears to thrill  
I'm alone a stone to be  
On my grave with these words for Thee..."

[ENTWINED LOVERS]

My love! It comes through storm of night  
Pale shadows fall unveiled by light  
I feel it's approaching by the narrow haunted path  
Where I did hear Your clear loud laugh  
My heart will be hearing and starts to beat  
Like beauty-Earth on it's death-bed sleeps  
Love will be heard by my remains  
They start to live for her again  
Let even years I've lain in grave  
Let even death did take my age  
I was not crying I was braved  
All grief is gone all pain assuaged  
My spirit will arise and will be trembling  
Under the feet of Her, for our love - it's neverending  
It becomes wild to You like entwined lovers  
It's coming out for you with purple flowers
