this day is gettin older and fading light is beautiful  
this wind is blowing colder and too soon i feel its pull  
still i took all my chances earned myself an even score  
try to learn  
my lessons well  
and i dont have the answers for those questions  
anymore only  
love can be both heaven and hell

so sturdy up sturdy up ur heart for the road is long  
ahead  
ill be with u even tho were apart  
but ur rod is urs to tread  
and so it goes and so it goes and so it goes  
slows ur mind mind mind  
so it goes and so it goes and so it goes slows ur mind  
mind mind mind mind

ive grown old on this ocean gave her all my stronger  
years  
gave my wife my devotion wen she died the ocean my  
tears  
ive tried to teach u well son all of every i new of how to  
live  
this life be true dont bow ur head to knwo one and no  
matter what u do  
if u start then see it through

so sturdy up sturdy up ur heart for the road is long  
ahead  
ill be with u even tho were apart  
but ur rod is urs to tread  
and so it goes and so it goes and so it goes  
slows ur mind mind mind  
so it goes and so it goes and so it goes slows ur mind  
mind mind mind mind
