Je le vois prenant ma main chaque jour de mes jours
Je le vois bien caressant mes cheveux
Je crois bien que ce voyage vaudrait le detour
Et puis surtout je crois bien que je veux

I see him taking my hand every day of my days
I see him clearly caressing my hair
I believe that this trip would worth the detour
And above all I believe that I want
Un amour pour moi
Comme un grand cadeau de la vie
Me rÃ©veiller un jour prÃ¨s de lui
Un amour pour moi
Comme un soleil aprÃ¨s la pluie
Me rÃ©chauffer un jour prÃ¨s de lui

A love for me
Like a big gift from life
To wake myself up someday close from him
A love for me
Like a sun after the rain
To warm me up someday close from him
J'Ã©cris mon histoire au tournant de sa main
Je me retrouve au tournant de son coeur
Et peut-Ãªtre bien qu'un jour au tournant du chemin
Je trouverai au tournant du bonheur

I'm writting my story at the turning of his hand
I find myself at the edge of his heart
And maybe someday at the bend of the road
I'll find at the turning some happiness
Un amour pour moi
Comme un grand cadeau de la vie
Me rÃ©veiller un jour prÃ¨s de lui
Un amour pour moi
Comme un soleil aprÃ¨s la pluie
Me rÃ©chauffer un jour prÃ¨s de lui

A love for me
Like a big gift from life
To wake myself up someday close from him

A love for me
Like a sun after the rain
To warm me up someday close from him
J'Â©cris mon histoire au tournant de sa main
Il Â©crit son histoire au tournant de mon coeur
Et s'il veut m'attendre au tournant du chemin
Je le retrouverai au tournant du bonheur

I'm writting my story at the turning of his hand
He's writting his story at the edge of my heart
And if he wants to wait me at the bend of the road
I'll meet him at the turning of happiness
Un amour pour moi
Comme un grand cadeau de la vie
Me rÃ©veiller un jour prÃ¨s de lui
Un amour pour moi
Comme un soleil aprÃ¨s la pluie
Me rÃ©chauffer un jour prÃ¨s de lui

A love for me
Like a big gift from life
To wake myself up someday close from him
A love for me
Like a sun after the rain
To warm me up someday close from him

(bis)
De lui
Me rÃ©veiller chaque jour prÃ¨s de lui

From him
To wake myself up someday close from him
