Sorry, I know I'm late
Guess I lost all track of time
Started walking and couldn't stop
Turning it over in my mind

Trying to make some sense of it
Trying to make the pieces fit
I thought I covered my tracks so well
But now he says he knew
About it from the start
Yeah, he knew about us all along

If there was any other way, love
Don't you think I've tried to find it
Don't you think I want to stay
If there was any other way love
There's no way out of this
There just ain't any other way

Maybe I'd better be leaving now
But there's something
I want you to understand before I go
Sometimes we don't have a choice
When we play and break the rules

I just had to see you, darlin', one more time
If only just to say good-bye
'Cause he knew about us all the time

If there was any other way love
Don't you think I've tried to find it
Don't you think I want to stay
If there was any other way love
There's no way out of this
There just ain't any other way

I never wanted it to be like this
I never meant to get serious
But now the thought of losing you
Takes some getting used to

If there was any other way love

Don't you think I've tried to find it
Don't you think I want to stay
If there was any other way love
There's no way out of this
There just ain't any other way

If there was any other way love
Don't you think I've tried to find it
Don't you think I want to stay
If there was any other way love
