"First I have to boom boom the bass like this.."  
"And then I.."

[Ed O.G.]

Now this is the meanin of a Bug-A-Boo  
It's a person who's constantly BUGGIN YOU  
Never givin you no room TO BREATHE  
On you like skin, or a shirt WITH SLEEVES  
A person that constantly wants to be around you  
It could even be your moms or pops when they hound  
you  
Just someone who's always botherin you  
If you was a plant, they'd be continously waterin you  
Sweatin you like - heat  
Let's say you are the (?), and they are the sheets  
Always on you, and wrapped around you  
As if you were lost, and they just found you  
They never get the picture  
No matter how many times you diss 'em, they still  
wanna get witcha  
Continously callin never givin you a rest  
A Bug-A-Boo's just like a fly..  
Nothing but a pest, and I suggest  
That you step, why?

[Chorus]

Cause you're a Bug-A-Boo, you're buggin me (I'm  
buggin who?)  
You're just a Bug-A-Boo, you're buggin me (I'm buggin  
who?)  
You're just a Bug-A-Boo, you're buggin me (I'm buggin  
who?)  
You're just a Bug-A-Boo..

[Ed O.G.]

Now girls, there's that certain guy that just be tippin  
On you like clothes and I suppose that you be dippin  
in his kicks, cause he's a stupid dick  
Sappy givin you this and that, so you can feel happy  
Yeah you might be happy but you're sick of him  
Because he's on it, and you wanna get rid of him

But he's sweatin you, don't knock it cause he's gettin  
you  
everything you want, so you can get fly  
You say, "Bug-A-Boo jump," and he says, "How high?"  
Hey, just get paid, cause he's payin you  
And don't call him by his name, call him a Bug-A-Boo

[Chorus]

[Ed O.G.]

Now everybody knows a Bug-A-Boo or was a Bug-A-Boo  
You mighta had to bug a few or even fell in love and  
knew  
that you was buggin a person, never cuttin no slack  
Cause everytime you called them they was like "I'll call  
you back"  
Now a girl can whip a guy, and he can become one  
He'll be callin you'll be stallin cause he's stupid a dumb  
one  
But it goes both ways, and as a matter of fact  
A girl can catch her man cheatin, and still take him  
back  
So to all you Bug-A-Boos who got the blues and really  
want it  
without you Bug-A-Boos we couldn't say that you were  
on it

[Chorus]
