Ooh, baby

Listen up to what I gotta say  
I found true love and it's here to stay  
Chapel bells are gonna ring in May  
I met an angel on Christmas Day

24th of December  
It was a cold and snowy night  
I can still remember  
Gazing at the stars and the moonlight

Fell asleep on the sofa bed  
Dreams of Christmas in my head  
I awoke to my surprise  
There he was right before my eyes

Listen up to what I gotta say  
I found true love and it's here to stay  
Chapel bells are gonna ring in May  
I met an angel on Christmas Day

I was stuffing the stockings  
And hanging tinsel on the tree  
When I heard a knocking  
I opened the door in time to see

Carolers and silver bells  
I saw his face that's when I fell  
He was there bent on one knee  
Santa sent him just for me

Listen up to what I gotta say  
I found true love and it's here to stay  
Chapel bells are gonna ring in May  
I met an angel on Christmas Day

Yeah yeah

I know this love will grow  
When flowers bloom in early spring  
I'll be his bride, I'll wear his ring

If you're looking for an angel who  
Is gonna make your every dream come true  
Just write a letter saying Santa hey  
I need an angel next Christmas Day

Yeah, ooh baby, oh oh

Listen up to what I gotta say, babe  
I found true love and it's here to stay  
Chapel bells are gonna ring 'n ring in May  
I met an angel on Christmas Day

Listen up to what I gotta say  
I found true love and it's here to stay  
Chapel bells are gonna ring, chapel bells are gonna  
ring  
I met an angel on Christmas Day

Listen up to what I gotta say  
True love and it's all day  
I met an angel on Christmas Day

Hey hey hey, yeah  
On Christmas Day  
Ooh

Aw baby
