(Paul Bliss/Phil Palmer)

You bought me flowers and you sold me a line  
You gave me compliments and too much wine  
I've played that game I know all the moves

You show emotion but you hide what you feel  
You play the innocent but I've watched you steal  
I rest my case you stand accused

But I must confess I was quite impressed  
You seduced me with your easy charm  
And I must admit I could fall for it

But if love is out the question  
There's no point to this affection  
I gotta have more than ecstasy  
Make me believe  
I'm all you'll ever need  
Make me believe  
'Cos if love is out the question  
Put a little heart to your intention  
I gotta have more than ecstasy  
Make me believe  
I'm all you'll ever need

You talk in circles when I need a straight line  
You've got your principles and I've got mine  
We all need commitment that's all I ask  
(Is that a crime?)

And I must confess I was quite impressed  
I was losing to your winning ways  
But I must resist there's no point to this

But if love is out the question  
There's no point to this affection  
I gotta have more than ecstasy  
Make me believe  
I'm all you'll ever need

'Cos if love is out the question I just gotta stop

Little point to this affection I just wanna stop  
It makes no sense to carry on like this  
If there's nothing between us you don't know what  
you'll miss

No love  
There's no love  
Baby it's true  
There's no love

But if love is out the question  
There's no point to this affection  
'Cos if love is out the question  
Put a little heart in your intention
