There's a tree, standing there  
In such an ordinary way  
But as I, Look around  
Everything keeps changing

There's a leaf on that tree  
And it floats into a stream  
Like everything, it gets carried away  
To the sea

And if we give a little of our love away  
Maybe meet in the middle every night and day  
If we could hear just a whisper of what the heart needs  
to say  
It could sure make a difference in some small  
In some small way

In the heart lies the key,  
That unlocks your destiny  
Look within and we'll find,  
Everything we're longing for

And if we give a little of our love away  
Maybe meet in the middle every night, everyday  
If we could hear just a whisper of what the heart needs  
to say  
It could sure make a difference in some small

In some small way

Ohhhhhh may you cherish each moment you live  
And know all the love that you give will go on, and on  
and on

There's a sky, vast and blue  
And it lies deep inside of you  
Breath it in, let it out  
Breath it in again

And if we give a little of our love away  
Maybe meet in the middle every night, everyday  
If we could hear just a whisper of what the hearts tryin

to say  
It could sure make a difference in some small  
In some small way

And if we give a little of our love away  
Maybe meet in the middle every night, everyday  
If we could hear just a whisper of what the hearts tryin  
to say  
It could sure make a difference in some small  
In some small way
