"Come here, are you ticklish?" --> Humpty Hump

[Verse 1: Ed O.G.]

When I first got introduced with her  
I wanted a future with her  
And it was very easy for me to get used to her  
We went to the movies, everything was groovy  
We started spendin time and it was like she already  
knew me  
We spent more time, then everything was fine  
I kicked it to her how since she kicked it to mine  
I called her up at work and even met her downtown  
Keen to knowin one another, yo, I thought that I'd found  
The perfect match for me, this just has to be  
Asked her what's up with you and me?  
She said she wanted to be friends with me  
So I took it like a man  
I couldn't understand why she wouldn't take my hand  
And let me take her on a trip  
She's a cute honey dip  
It make her feel real good when I start to kiss her lips  
Gimme a chance, oh yes, I be true to you  
Hey yo, cause I wanna make love to you

[CHORUS: Pure Blend]

Let me tickle your fancy, girl  
Let me tickle your fancy  
Let me, let me  
Let me tickle your fancy, girl  
Let me tickle your fancy  
Let me

"Come here, are you ticklish?"

[Verse 2: Ed O.G.]

Lampin on the block, coolin out and maxin  
This girl walked by, she caught my eye, I said, "What's  
happenin?"  
WE started talkin, she was showin her interest  
Got her number and address that very instance  
Later on that night I decided to call her up

She was on the other line, she say hold on and hung up  
With the person she was talkin to so she could talk to  
me  
That was a sign that she was with it, it was time to drop  
some g  
So I laid down with my eyes closed and kicked the  
Willie Bobo  
And talked to her all night because I took a couple of  
No Doze  
The next day came, I heard a knock-knock-kknock  
I had on shorts and no shirts, so I unlocked the lock  
She came in and sat down and we got right to it  
I didn't waste no time cause I was ready to do it  
She said she wasn't ready and this I couldn't  
understand  
See, I really, really wanted to tickle her fancy

[Chorus]

[Verse 3: Ed O.G.]

The attraction from me to you was very physical  
And if you had it and you lost it you would miss it, girl  
I make you scream, scratch, squirm and sweat  
When we get up to take a shower my bed'll be soaked  
wet  
And after the shower we'll go and get some breakfast  
Eatin to makin love is really the next best  
Thing than actually makin love  
Cause after love I'm hungry for some grub  
I know your father always told you watch out for guys  
like me  
Don't even say hi to me, just walk right by me  
You see, I disagree, cause he was just like me  
You wanna obey him with all of your might  
But look at your father now, he turned out alright  
Come on, take your chance, yeah, I'm a dog who's  
sneaky  
But gimme one night so I can show you I get freaky

[Chorus]
