(J. Oliver / S. Crow)

Love and harmony  
Soul inspiration and prophecy  
We make love and we make joy  
One girl and one boy  
We are everybody's eyes  
Take down your guise and recognize  
There's only one way  
You leave me no choice  
But to love you blind

People, who's leading you?  
People, who's following who?  
A world asleep  
Is a world in deep Ooh, yeah  
We don't have to feel this way

We are the world to come  
A race of love and a world of one  
One mind can generate  
What we anticipate  
We make war when we couldn't make peace  
Tell me, who is the man in the driver's seat?  
There's only one way  
You leave me no choice  
But to love you blind

People, who's leading you?  
People, who's following who?  
A world asleep  
Is a world in deep Ooh, yeah  
We don't have to feel this way

Take clouds from the sky  
Everybody loves but we've got to try  
Hold back tears, and break down chain  
Let love rule again  
Signs to come of what we do now  
You and me, and me and you  
Love is all we need tonight Yeah...

Ooh...  
People, who's leading you?  
People, who's following who?  
A world asleep  
Is a world in deep Ooh, yeah  
We don't have to feel this way  
Ooh...  
Love and harmony  
Soul inspiration and prophecy  
We make love and we make joy  
One girl and one boy  
We are everybody's eyes  
Take down your guise and recognize  
(Recognize)  
There's only one way  
You leave me no choice  
(You leave me no choice!...)

We are the world to come (The world to come...)  
A race of love and a world of one  
One mind can generate (Generate...)  
What we anticipate  
We make war when we couldn't make peace  
Tell me, who is the man in the driver's seat? (Tell me!)  
There's only one way  
You leave me no choice  
(You leave me no choice!...)

Take clouds from the sky  
Everybody loves but we've got to try (We've got to try..)  
Hold back tears, and break down chain  
Let love rule again (Let love rule again...)  
Signs to come of what we do now  
You and me, and me and you  
Love is all we need tonight, Yeah..

Love and harmony  
Soul inspiration and prophecy  
We make love and we make joy (Make joy...)

We are everybody's eyes  
Take down your guise and recognize  
There's only one way  
You leave me no choice  
But to love you blind
