Under this midnight sky
With you here by my side
There's nothing that I could hide
You know me better than anybody else

All of myself revealed
There is nothing I could conceal
My soul is yours to steal
Take me wherever you want to

Baby, I'm naked, naked with you
Feels like the first time
I'm trembling, shaking
My heart's overtaking, yeah

Feels like I'm falling all over again
Baby, come and take me
I'm trembling, shaking
I'm naked with you

Whenever you're awake
It's almost like I'm afraid
I only wanna stay
'Caught up in these stolen moments

Let's lose ourselves tonight
Forget the world for a while
Make love til' morning light
Take me wherever you want to

Naked with you
Trembling, shaking
My heart's overtaking

All over again
Baby, come and take me
I'm trembling, shaking
I'm naked with you

I am naked with you, ohh, yeah
'Cause I'm trembling, shaking
I'm naked with you

Feels like, I'm overtaking
All over again, oh, oh, oh, yeah

I'm naked, naked with you
Feels like the first time
I'm trembling, shaking
My heart's overtaking, yeah

Feels like I'm falling all over again
Baby, come and take me
'Cause I'm trembling, shaking, oh yeah, yeah, yeah
I'm naked with you, with you
