Le soleil en automne, indulgent
Les peaux nues se donnent aux tiÃ“des vents
LÃ -bas les tempo paraissent
Battre au rythme paresseux du temps
L'abandon, tout s'apprend

The autumn sun, indulgent
The naked skins offer themselves to warm winds
Out there, the tempos appear
Beating to the slow rhythm of time
The abandoning, everything can be learned
Caresses des vagues aux chauds courants
Le sable doux, bel et tendre amant
LÃ -bas les danses infinies
Nous mÃ©langent et l'amour aime la vie
L'abandon, c'est appris, la nature initie ici

Caresses from warm draughts waves
The soft sand, beautiful and tender lover
Out there the infinite dances
Confuse ourselves and love loves life
The abandoning, it's learned, the nature initiates here
On sait dÃ©jÃ ces moments
La soleil avait prÃ©parÃ© Ã§a
L'abandon tout petit
Les Ã®les initient Ã l'amour ici

We already know these moments
The sun has prepared that
The abandoning very small
The islands initiate into love here
On sait dÃ©jÃ ces rythmes
Les feux d'en bas, ce lascif Ã©tat
La chaleur et le vent
Oh tout doucement mon Ã®le m'apprend

We already know those rhythms
The fires from below, this lascive state
The warmth and the wind
Oh very slowly my island teaches me
Le rhum aux hommes attendrit les bras
Le rire aux femmes, aux filles, aux Ã©clats

Les nuits velours ici bas
Les mÃ©mes Ã panama, mÃ©mes Ã cuba
L'amour a faim de toi et vice versa

To the men rhum tenders arms
The laugh to the women, to the girls, laughters
The velvet nights here
The same ones in panama, even in cuba
Love is hungry of you, and vice-versa
Des corps Ã corps, amoureux soldats
Le plaisir en ces brÃ»lants combats
Tout ici : l'eau, le climat
Tout est dÃ©sir, on n'y dÃ©chappe pas
L'abandon, tout s'apprend
Dans les danses et les jeux d'enfants

From body to body, loving soldiers
The pleasure in those hot combats
Everything here: the water, the climate
Everything is desire, we don't escape them
The abandoning, everything can be learned
In the dances and the children's play
On sait dÃ©jÃ ces moments
La soleil avait prÃ©parÃ© Ã§a

L'abandon tout petit
Les îles initient Ã l'amour ici

We already know these moments
The sun has prepared that
The abandoning very small
The islands initiate into love here
On sait dÃ©jÃ ces rythmes
Les feux d'en bas, ce lascif Ã©tat
La chaleur et le vent
Oh tout doucement mon rÃ©le m'apprend

We already know those rhythms
The fires from below, this lascive state
The warmth and the wind
Oh very slowly my island teaches me
On sait dÃ©jÃ ces moments
La soleil avait prÃ©parÃ© Ã§a
L'abandon tout petit
Les îles initient Ã l'amour ici

We already know these moments
The sun has prepared that
The abandoning very small
The islands initiate into love here
On sait dÃ©jÃ ces rythmes

Les feux d'en bas, ce lascif Ã©tat
La chaleur et le vent
Oh tout doucement mon Ã®le m'apprend

We already know those rhythms
The fires from below, this lascive state
The warmth and the wind
Oh very slowly my island teaches me
Un pas de toi, un pas de moi
Les bassins collent et bougent tout bas
Tout s'apprend, l'abandon
Je vais oÃ¹ tu vas et mÃªme au-d

One step from you, one step from me
The pelvises glue and move very low
Everything can be learned, the abandoning
I go where you go and even beyond
Tout contre toi, la nuit sans loi
Que l'instant nous soulÃve et basta
Le moment ce moment, rien n'est plus
Important que Ã§a

All by your side, the night with no rules
So the instant lifts us up and basta
The moment this moment, nothing exists anymore
Important that is
On sait dÃ©jÃ ces moments
Le soleil avait prÃ©parÃ© Ã§a
La chaleur et le vent
Oh tout doucement mon Ã®le m'apprend

We already know these moments
The sun has prepared that
The warmth and the wind
Oh very slowly my island teaches me
