I've looked everywhere I can just to find a clue  
Oh, to get to you and make you want me  
And I've run circles around the sun chasin' after you  
Oh, but it's no use

Can't you see that I'm going out of my mind?  
Trying to find a way to get through to you  
Oh, you don't know how hard I try and I try and I try  
What do I gotta do?

Do I gotta get water from the moon?  
Is that what I gotta do to make you love me, make you  
love me?  
Do I gotta turn the sand into the sea?  
Is that what you want from me, I've done everything  
that I can do  
But get water from the moon

I've reached high up in the sky tryin' to steal the stars  
Oh, to win your heart  
But even that's not enough  
And I've searched every book I know just to find the  
words

Oh, to touch your world and get some love out of you  
I've already given all I can give

And I don't, I don't know what's left to try and I try and I  
try  
What do I gotta do?

Do I gotta get water from the moon?  
Is that what I gotta do to make you love me, make you  
love me?  
Do I gotta turn the sand into the sea?  
Is that what you want from me, I've done everything  
that I can do  
But get water from the moon

Love me, how do I make you love me?  
How do I make you see that I'm going out of my mind?

I try, and I try, and I try

Do I gotta get water from the moon?

Baby, is that what I gotta do to make you love me,  
make you love me?

Do I gotta turn the sand into the sea?

Is that what you want from me, I've done everything  
that I can do

But get water from the, water from the moon

Baby, yeah, [Incomprehensible]

I've done everything

You've gotta love me, baby

I've done everything
