(Feat. Lil Snapper)

[Celocita:]

Antes de irme te quiero decir

Baby don't cry from me no llores por mi

[Both:]

Antes de irme te quiero decir

Baby don't cry from me no llores por mi

Antes de irme te quiero decir

Baby don't cry from me no llores por mi

[Lil Snapper:]

Baby just give me a second to mesirize so recognize

When you was by my side and now that your gone

I'm feeling always lonely wish you was here with me

Mija let's get cozy beautiful girl dawg she always

showed me love

But I never paid attention and now I'm feeling all stuck

Don't know what to do, now that I ain't with you

Baby don't cry for me cause I really miss you

The only girl of one of a kind perfection 10 plus

She's even down to ride that's right cause ain't no other  
girl like you

That's rapping singing and even staying true

I'm sorry if I acted a fool I just needed some time

To get some shit off my mind and now I'm feeling right

But it's too late it's ok my mistake

I promise to fix my rhyme so it won't happen again

Dedicated to the girl that I love

You already know what's up

I'm sorry for doing you wrong

But it's my loss, perdoname

[Both:]

Antes de irme te quiero decir

Baby don't cry from me no llores por mi

Antes de irme te quiero decir

Baby don't cry from me no llores por mi

[Celocita:]

Didn't you realize how much I loved you  
I gave you my love and put no one above you  
And now what's left of me the sleepless nights and  
lonely dreams  
I don't wanna live no more since the day u walked out  
that door  
Tell me what I did what I did wrong  
Tell me why you went on breaking my heart  
I never thought I would see us apart I should of realized  
this from the start  
So tonight I'm taking my life  
I'll die tonight from the beams of a knife  
Without you my baby what's the point of my life  
Without me you start to live a new life  
Tell me what I did what I did wrong  
Tell me why you went on breaking my heart  
I never thought I would see us apart I should of realized  
this from the start

[Both:]

Antes de irme te quiero decir  
Baby don't cry from me no llores por mi

Antes de irme te quiero decir  
Baby don't cry from me no llores por mi
