My baby... [x3]
Dis song is dedicate.
Going out for my baby.
Mijo you know dat your my only man.
I need to feel you baby.
Your kisses drive me crazy.
I want to let you know how much I care.

Every night every day I think about da way you loving

I thank da lord for briing you back to me babe I promise

Cause loving you is more dan just a dream come true
and everythinng dat I do is more out of loving you...
