O Lyonesse, be stronger now
The Winds of Change have come for thee
To wander hence but still return
From darkest waters of the Sea

O Lyonesse, be stronger now
The Winds of Change have come for thee
To wander hence but still return
From darkest waters of the Sea

O Lyonesse
Although the waves have come for thee
You will return to wander hence
With tears of salt to fill the Sea

The waters came from the darkness (waters) The
waters came from the darkness (waters)
The waters came from the darkness (waters) The
waters came from the darkness (waters)

Through endless days that turn to night
O Lyonesse, I'll wait for thee
Though I may be asleep in dust
My spirit lives beneath the Sea
