Clad in wounds, your cuntin'g Christ
His bleeding gash for all to see
Tender Jesu, share his body
Kiss the cross and endure his love

Pimping priests to sell his goods
Farting forth sweet words of praise
You will pay for you have sinned
Against the ways of the Nazarene

The stinking sight
As they pray to their god
With heart and hole

Asses towards heaven
Begging to be blessed

Begging to get screwed

Penetration!

Come to church and swallow his shit
Ritually abused
Part of the bitch put into your mouth
Now suffer your children unto the lord

Gathered in the house of the whore
Feel his manly love inside
Await the coming of your lord
Again and again and again

A foul stench
Unleashed under prayer
Buttfucked
By Jesus and his pals
