Stop short shut up stay here brace you
I lead on flames the perverse broiler
ready spread out blasted silly
I blanch lick me I'm the bombthrower
Animal on heat I'm bound for duty
bloodstock since the dawn of domination
I'm roman sadism prostrate to my cock
it's time to bring the law into force again
Pleasure pleasure you live to give me the pleasure
Slavery slavery my rapture is enjoying your slavery
I condemn' blot out a carnal burst out

my broach rapes you lascivious cows
I'm claver straight to untrodden pit
from the beyond the compass of evil
I've got the supreme claim on all the bitches
you don't stand a cat's chance in hell of escaping
I'm the roman sadism prostrate to my cock
It's time to bring the law into force again
I'm the power from past lie down under the pure
completening of task who dare to clip wy wings?
