They are the beings from the skies  
Masters of demise  
Learned by the Ancient prophecies

Bannished from this plane  
Their voices call to pain  
Holders of the key to existence  
I am the ONE!!!!!!!!!!

They speak... through me  
I call... through me  
Forgotten voices... From the past  
Elder gods... I beckon into me!  
With all your Strength  
Surround me... Ancient ones!  
I hear your power  
As i have said!

Demon in me... Redeem your past upon Reflection!  
Come through me... Manifest your dreams of chaos!  
I beg of you!  
Grasp my creation... Overtake my body, command my  
soul!

These rays of light have blinded my soul!  
Abridge the gate between our realms!  
I feel your outworld vibrations in me!  
Praise thy strength my eternal daemons!  
I surrender myself to you my elder fathers!  
We shall raise the everlasting underworld!  
Raise the black seas to overwhelm force!  
Conquer this land and claim the throne!

The infernal power flows within my blood  
Magnificence... i grip the eternal strength  
Underworld demons have captured my soul  
They speak to me... i hear their commands!

My hands spout infernal fire! I spout tongues of  
unknown dialect?  
I levitate above the ground. My eyes glow with the  
power of infernal fire!

Grasp the unknown force in flame of the power of  
Magnificence  
Realms of truth found within the unholy power  
Lifting through the ages an immortal sumerian  
daemon untold  
Defied by its life and held by the sacred oath

Fire in my soul! The flame of life.. The daemon takes  
hold!  
Malificent daemon in me i command you! Surrender to  
me...  
Infernal fire the deamon takes hold and breaks  
through control  
I command thy daemon speak tell me thy name  
infernal majesty

I am the one who you called.. beckoned forth in to you...  
Know me by this.. I am all your fears unleashed.

Infernal fire the deamon takes hold and breaks  
through control  
I command thy daemon speak tell me thy name  
infernal majesty

Insence of the power the destruction of our..  
Desent through the land in praises of man..  
Tell me thy name daemon of all i have slain..  
Ethereal journey to a plane i wish not to see..

What unholy place is this?!?!

The fires of Hell!!!

I succumb to your power daemon..  
Tell me thy name and i will sustain my will to defeat you  
Will you hearken forth your powers.. Destroy all i see on  
the godless earthly realm and claim It as your own and  
claim it as your throne..  
Speak to my thy name of thee who would conquer..  
And Destroy my home on this realm

The name you seek.. Is that you cannot speak...

On this plane you called my name and call me too you  
broken through you  
This is the choice you have made you have called my  
name for pain and pain  
I shalt bring you and this plane you call home i will  
destroy!!!

Vermis Mysteriis is thy name..  
The daemon spoke and called infernal torches of  
malificent flame,  
burning all in the fires of hell..  
In the hell i called into then flames of all!!

I have forsaken you  
Death has overtaken you  
Burning internal pain  
Once more the earthen realm i have overtaken and  
claimed for Hell

Fall from the Light.....
