(Excommunication of Resistance)

Stoop not down before those darkened waters...

Kneel not down unto that darkly shining abyss...

Life as death, night to day.. Centuries crawl, and fade away..

Race of men, kings of earth... turn your head, pawns unhearing..

Life as death, sits in wait... fallen son to a king of fate..

Wars of heaven, scorch the skies.. descending angel in pyre cries..

Rebel cherubim bound, to lakes of fire

Cast out the wicked, left to suffer

Forthwith he rises, burning with malice

Charred in horrid vale, filled of dark designs

Amidst flame gathers stygian council in throes of despair

Speak thee of terms to war

Seraphic lords and cherubim gather on golden chair

Speak thee to terms of life

Expanse filled with the hiss of the rustling winged

Speak thee to terms of death

As summons was read, the great consult began!

Speak thee to terms of war

(Council of Abaddon)

Upon exalted throne sat he most high to bring word of war with heaven, scorching the sky

Deicide!

Vengeance!

Is mine!

Sounds of thunder fill the vast expanse as this was not their single host

To war with heaven once more would bring eternal pain none would dare

As lord Belial most fair did rise to tell of their even worsening despair

Speak we of war once more, as we have before

To raise our swords in haste, eternal sulphur pyre we taste

Speak thee in terms of war as we shall suffer more

To rise with wings of death, spilling heavenly crimson
Hear my council, despise we may
To scorch the crimson skies, ephemeral demise

Hearken kings, Lords of hell
Empyrean Gods! Destiny calls!
Cloaked in garb, Of reason's being
Sufficient have stood, though free to fall
Rise to fall, Chaos for eternity
Subterranea, beguiled limbo
Hearken lords, Kings of hell
Enslaved we are, Rueful eternity Thus their caliph rose
to them and in thunder spoke of war and hell, heaven
and peace
In heaven they would bear upon thrones an
unconquerable wealth of destruction and slaughter
Kingdom come
It shall be done!
Vehemently the voices of seraphim enveloped those
burning caverns
Such that the lands of earth were up heaved and torn
into molten flame
Unto them he threw silence! Attend yourselves to my
words cherubim
Diverge our minds from war and turn to.... resurrection!

(A Transversal of Mythologies)

There are times before him, there have been gods of
elder creation
Before his inception wars of unbeknownst time were
waged of dimensions
The remark of our plight lies in ash, soil and time..
resurrection!
Deities of unimagined dynamism.. Remark to our
vindication!

O' myriads of immortal spirits hear my words of
grievance and exhumation!

In death we trust o' gods of a time unknown and a
place unspoken
Beyond these shackles i shall endure to descry your
inception
Vengeance shall be ours! Heaven shall crumble before
me!
As with his words the god of hell journeyed from that
stygian council unto plains unknown
To the gates of hell he would venture with mind aflame
of blasphemy and hate
In absence of their lord, angels of pyre and sulfur let
loose a message to he..

Absconded of their grievous bondage and chains they
shook the earth at it's foundation
The gods and angels of hell could not be silenced with
pain and subjugation
Upon his throne in heaven the slightest of cold chills
crept upon his spine, and god lowered his head....
