(To Arrogance comes Inception)

I hath fathered deceit.....

Of council to Lucifer, Belial spoke of treachery among
the Zonei.

To render wretched dogs from whence they came..

I hath fathered hypocrisy..

I feel their gaze upon me

Eyes of freezing fire

Burning of funeral pyre

The aura of deceit..

None must be spared..

The crown of bitter night..

Of stygian council rebel angels took host to rent the
heavens of the elder menace.. To fill the seas of beasts
that Leviathan herself should take heed of.

Vast was the expanse as Marduk strode upon the rebel
angels host.. Hear me summoner! Harken and know
that your time upon the throne of disease is
diminishing.. With stature of behemoth Lucifer took up
arms.....

(Scorching of the Skies)

Time of strife..

Path of war...

With haste Satan's host of rebel angels unleashed fury
upon Marduk..

Unaware of elder fathers waiting upon the wings of
unfettered fury..

With blinding rays of venomous light elder gods lashed
upon them..

Sanguine sky.. Angelic entrails rain upon the earth..

Remember!

Lucifer.. Upon throne stands with fear of twilight..

Summon malice!

Burning gaze.. Eyes of malice, freezing the night.. Hear
my cries!

Ruination.. Your time has come to pass master of flies..
The fallen!

(The Tranquil Storm)

A great calm crept over the lands.. Once more the sun
laid it's rays upon the lands of earth. A new beginning
had come to pass. Malice had fallen from the skies..
Tho the earth in ruins, spirits would be born anew to
cleanse the lands once more.. As mother earth
lamented on that day...

Ishtar, lady of the gate of the gentle planet.. Open wide
thy gate..

Queen of women, Deity of men.. I pray to thee..

Hearken and remember!

Race of Men!

O' bright and eternal rising, torch of the heavens and
earth.. I beckon..

In the name of covenants sworn between gods and
men.. Barra Ishtar!

Race of Men!

Eternal tranquility..

Placid Eternity...

The black seas are swelling.... The darkly shining
abyss..

Marduk, God of victory over the dark angels
Lord of all the lands of the foreboding earth
Son of Enki, master of magick and magicians
Vanquisher of the ancient ones of times ago
Who assigns the wanderers their places
Who assigns the wanderers their spaces...
