An assortment of instruments  
Designed for torture  
Shrouded in remnants of the  
Recently butchered  
Celiatic incisions will prepare the needs,  
Of cleaving this being of inferior deeds.  
Dysphotically dissecting,  
Her figure disarrayed and  
Shackled to the slab  
Subphernically punctured  
This ventrotomy will serve ease  
Of an anal celiectomy, an  
Abdominal cecostomy.  
Now occluded and entering empathetically  
Celiatic intercourse excites me  
Distending and ripping melanosis  
Celiocenthetic sludge moistens this fistula  
Saturated in tepid abdominal excretion  
Asphyxiating the steaming septic secretion  
Orifices erupt melena, induced  
And juiced intestinal fluid  
Ingesting excrescence, splattered bowels pour  
Bile immerses my throat.  
Emulsifying crusting corpulence  
Extracting ruptured vessels  
Induced copremesis, vomiting excrement  
Flesh floats abroad lymphatic phlegm  
Coagulation weakness, clotting collapses  
Sewage flows soaking, pulsating pustules  
Intestinal excrement embraces chunks  
This excrement convulsed
