The part of love I'm scared of
Is the actual taking off
I can take a bumpy landing

But the start must be soft
Soft, soft, soft
It must be soft

Some men need your attention
Every minute, every hour
Some women need the proof
In every chocolate, every flower

Are you asking me down your runway?
I'm asking you to be watchtower

Tower, tower, tower
To be watchtower
Tower, tower, tower

Some men just like the journey
Don't care if it's incomplete
Some women like a long trip

Some women short 'n' sweet

But if we lift each other up
Let's make it 10,000 feet

Feet, feet, feet
10,000 feet
Feet, feet, feet

The reason I'm still down here
And I've never taken off
'Cause I never had the courage
To rummage through love's loft

Loft, loft, loft
The highest loft
Loft, loft, loft

'Cause when we're finally up there
And the engines have been stopped
The landing won't be fatal
If love's parachute's been dropped

Dropped, dropped, dropped
Love's been dropped
Dropped, dropped, dropped
